

## Professional Oversight, Knowledgeable Insight

**For closely held businesses, every day is an opportunity to get ahead of your competition. And while proper accounting is a critical component of any business's success, the time, resources and expertise required to manage these operations can drain your energy and focus.**

### Our Edge

Wiss Outsourced Accounting In-The-Cloud is the smart solution to handle all your back office and advisory needs, including remote work requirements. This Cloud-based service offers peace of mind: transparency and access to the monthly accounting cycle anytime, anywhere.

### Service Offerings

- **Revenue Cycle**
- **Expenditure Cycle**
- **Reconciliations, Filings & Reporting**

// Wiss is an absolute necessity in the running of our business. We started off with utilizing outsourced accounting services, and have grown our relationship with Wiss to now incorporate HR services/support. I'm excited to continue this business relationship and continue to explore how else we can utilize the Wiss offerings.
