

Deltek + Wiss

At Wiss, we are a team of passionate accountants, tech enthusiasts, and financial experts who go beyond balancing the books. We empower engineering and architecture firms to secure and sustain financial futures through operational frameworks, advisory, and technology services.

For over 20 years, we've nurtured relationships with engineering and architecture firms, enabling them to become more efficient and grow through industry knowledge, financial expertise, and proficient utilization of Deltek applications.

Join us on a shared journey as a professional services firm, who has implemented Deltek VantagePoint for our own organization. Let our firsthand experience guide the path to your success.
